M-AUDIO

M-Track 2X2M

Latest Driver Version: 1.0.14

Release Date: June 18, 2018

Minimum System Requirements

- Windows 7 or later (32- or 64-bit) (This driver update is not necessary for macOS users.)
- Host USB 2.0 port

Driver Update Instructions

1. Connect M-Track 2X2M to your computer's USB port, and ensure M-Track 2X2M and your computer are powered on.

2. Double-click the **Install M-Audio M-Track 2X2M 1.0.14** file. You will then see a Windows prompt asking if you trust this application to make changes to your device. Select **Yes**. Wait for C++ to update (this may take several minutes).

    Do **not** disconnect or power off M-Track 2X2M or your computer until the update is completed.

    Note: You will be asked to close applications that are using the M-Track 2X2M driver or to restart your computer. Please save any of your work before making a selection.

3. Allow the update process to complete. When the update is completed, click **Finish**. You may need to restart your computer.

    Congratulations—your M-Track 2X2M is now using the latest driver!

Change History

Changes Since 1.0.13

- Added control panel support for 4K displays.
- Minor bug fixes.
